|                                    | Scenario #1: <b>No change.</b> The church leaves the existing buildings as they are except for minor repairs as needed.   | Scenario #2: <b>Minimal change.</b> The church undertakes modest repairs and remodeling of the existing buildings as they now stand to enhance current uses and open new possibilities.  | Scenario #3: Moderate change. The church carries out major renovations and reconstruction in some of the buildings, adding one or two floors to the existing education building and children's building to accommodate new uses while replacing the existing office at 2200 San Antonio with a new building as tall as practical (maximum 175 feet).  | Scenario #4: Maximum change. The church reimagines all of the property from the ground up, replacing the sanctuary with a 60-foot-tall building, replacing the education and children's buildings with new buildings at maximum height (175 feet), and replacing the existing office at 2200 San Antonio with a new building as tall as practical (maximum 175 feet). |
|------------------------------------|---|--|---|---|
| What is the purpose of the church? | Know God in Trinity; reflect God's glory, kindness and grace; recharge and encourage believers  To provide a place of worship for the community.  Reach out to homeless, etc. Sustain members. Reach out to students. Bring God's love.  Evangelism. Worship. Glorify God. Expanded worship services.  Be a witness to the community. Provide services and fellowship to members. | A place for worshippers to gather.  Minister to the members and visitors attending worship.  Offer programming for community to engage.  A community of believers drawn together by a belief in God, seeking how to help the community and each other.  Enhance worship. Body of Christ.  To be the hands and feet of Christ.  Support current | Modeling/sharing Christ's love with the neighborhood.  Nurture Christians to share God's love with others.  Body of Christ (What does the New Testament say?)  Create a home for our community. Act as a base for ministry and action.  To be the presence of Jesus thru people to people.  Safe place, home away from home for students.  Use church for large venues like concerts, speakers, religious meetings. | To be community to each other in a space that feels welcoming and close instead of so spread out.  Give and take good news to others.  Body of Christ remains the same.  Community center 90%.  Worship 10%.  Service.  I don't think renovating the sanctuary building would change the neighborhood interest or bring in more students. Perhaps programs.           |
